Re: Request for timeframe extension

Dear Mr. Haddock:

We would like to request an additional 30 day extension to reply to the second review. Every effort has been made to complete the work necessary for the response, but IGES has not yet completed the slope stability analysis. The additional time should allow us to answer all of the review questions.

Again, thank you for you and your staff's efforts in assisting Lakeview with this permitting process.

Sincerely,

Lakeview Rock Products, Inc.
